Tuesday, November 15, 2011 | 12pm to 2pm EST

What should you do to preserve issues for appeal and when? What exceptions apply? What are the most important post-trial dos and don'ts?

This Webinar provides expert guidance on the appellate process in both federal and state courts, from preserving the record through post-appeal procedure.

**Appellate Practice Essentials** begins with the basics of appellate review. The speakers then examine key procedural milestones in the appellate process. Topics include:

- Preserving issues for appellate review
- The relationship of post-trial motions to review on appeal
- Obtaining a stay of enforcement
- Procuring the record on appeal

There is also in-depth discussion of strategies for appellate brief writing and practical tips on crafting an effective oral argument. The program concludes with a Q&A session.
