EMERGENCY PETITION FOR WRIT OF MANDATE OR OTHER EXTRAORDINARY OR IMMEDIATE RELIEF

**To the Honorable Patricia Guerrero, Chief Justice of the
Supreme Court of California, and to the Honorable Associate Justices
of the Supreme Court of California:**

I. INTRODUCTION

Redistricting as regulated by the California Constitution is not just a take-it-or-leave-it decision over a proposed map. Long before a map is proposed for a final decision or certified, regardless of who draws it, redistricting is a laborious *process* that requires extensive technical analysis and careful balancing of complex constitutional and statutory mandates. Because it is among the most consequential acts of government—with the potential, if not the goal, of determining who will win an election before it is even held, it is inherently a tumultuous and contentious process. At its core, notwithstanding one-person-one-vote and the equal protection of the laws, the outcome of the redistricting process determines which voters indeed will likely choose our representatives in Congress and who likely will not. In a vast state like California, with nearly 40 million people and, at 52 representatives, by far the largest congressional delegation of any state, the work required and the public tumult the redistricting process causes is also commensurately vast.

Considering the stakes, the disruption, and the public's distaste for a history of self-serving partisan gerrymandering, the people of California enshrined in their constitution fundamental rules by which they would have the redistricting process undertaken in this state: (1) The work of redistricting and as well as the power that goes with it were intentionally taken away from the partisan California Legislature and given to an independent citizens redistricting commission; (2) barring a court order, the inherent tumult of the redistricting process could only occur once per decade; (3) to protect their

rights the redistricting process would involve extensive public engagement; and (4) the people expressly prohibited partisan gerrymandering.

On August 18, 2025, the State Assembly and State Senate introduced three interrelated measures: Assembly Bill 604 (“AB 604”), Assembly Constitutional Amendment 8 (“ACA 8”), and Senate Bill 280 (“SB 280”). Respectively, these measures redraw the boundaries of California’s congressional districts, propose effectively transferring the power to do so from the Commission to the Legislature, and call for a statewide special election on November 4, 2025, for the purpose of approving that transfer of power.

Not only does Respondent’s redistricting gambit violate every one of these core constitutional restrictions, but they also rammed this complex scheme comprising hundreds of pages of data through the Legislature in just 4 days, in violation of the Constitution’s Article IV, § 8(a) requirement for 30 days’ public notice of new legislation.

Finally, even if the entire litany of unconstitutional actions of the Legislature to ram their scheme through the legislature and onto the ballot are set aside, the measure that will be presented to the voters violates the single-subject rule by illegally calling for voters to approve two separate questions on two separate subjects based on two different legal authorities and representing conflicting policy choices. Specifically, the measure calls for voters to approve both a provision calling for California to petition Congress to promote independent citizens commissions, which the state has the power to do based on the U.S. Constitution, as well as calling for voter approval of provisions to amend the California Constitution to strip redistricting power from California’s independent redistricting commission, void the maps the Commission created, and implement maps concocted in secret by unknown operatives.

Allowing this unconstitutional measure onto the ballot would impose needless costs and uncertainty on both election officials and the public. Counties must engage in substantial labor to prepare for and administer an election, including the time necessary to recalibrate voting systems, prepare polling places, re-educate voters, prepare and mail ballots, and collect, verify, and count ballots. (To say nothing of the hundreds of millions of private dollars that will be wasted on advocacy campaigns for and against this measure instead of being put to more worthy causes.)

This Court has long recognized that the Constitution places limits on both the People and the Legislature in matters of redistricting. The proposed measures exceed those limits, representing an unlawful attempt in several respects to exercise authority that the Legislature does not possess. Thus, judicial intervention now—before public resources are wasted on an election that cannot produce a valid law—is both proper and necessary.

This Writ thus seeks extraordinary relief to prevent such circumstances from occurring. Specifically, by this petition, Petitioners ask this Court to enforce our Constitution's clear and direct requirements by directing the Secretary of State to refrain from placing ACA 8 on the November 4, 2025, ballot.

**PETITIONER RESPECTFULLY REQUESTS IMMEDIATE
RELIEF, NOT LATER THAN SEPTEMBER 08, 2025**

II. QUESTIONS PRESENTED

The question presented here is whether the Legislature may lawfully place on the November 4, 2025 ballot a measure that both: (A) proposes petitioning Congress to institute independent citizens redistricting commissions nationwide to draw voting district maps; and (B) proposes discarding maps created by California's independent citizen's redistricting commission to implement legislation and maps developed in secret by unknown members of the Legislature even though (1) one ballot measure cannot lawfully pose a question on two separate subjects; (2) the state Constitution currently vests exclusive authority to engage in the redistricting process in the Citizens Redistricting Commission after taking that power away from the Legislature and imposes other requirements the Legislature ignored; (3) the state Constitution limits redistricting to once per decade; and (4) the state Constitution prohibits action on legislation unless it has been published for 30 days.

III. PARTIES

1. Petitioners, Assemblywoman Kathryn Sanchez, Assemblyman Tri Ta, Senator Suzette Valladares, and Senator Tony Strickland, are members of the California Legislature and residents of the State of California.
2. Petitioner Eric Ching is a resident of Walnut, California, a registered California voter, and a former and future candidate for U.S. Congressman from the 38th Congressional District in California.
3. Petitioner Mike Ward is a resident of Anaheim, California, and was one of the original members of California's Citizens Redistricting Commission in 2008.

4. Petitioner Andrew Pandol is a resident of Bakersfield, California, and a registered California voter.
5. Petitioner Roger Holland is a resident of San Clemente, California, and a registered California voter.
6. Respondent Secretary of State Shirley N. Weber is the Secretary of State of the State of California. The Secretary of State is the Chief Election Official in the State of California and is responsible for overseeing the Elections Division, which facilitates all statewide elections in California.
7. Real Party in Interest is the Legislature of the State of California, which passed ACA 8 pursuant to California Constitution, Article XVIII, § 1.

IV. JURISDICTION

8. This Court has original jurisdiction to decide this matter pursuant to Article VI, § 10 of the California Constitution, Code of Civil Procedure §§ 1085 and 1086, and Rule 8.486 of the California Rules of Court. As the Court held in *Clean Air Constituency v. California State Air Resources Board* (1974) 11 Cal.3d 801, 808:

The Supreme Court has original jurisdiction in mandamus pursuant to article VI, section 10, of the California Constitution, and will exercise that jurisdiction in appropriate cases when ‘the issues presented are of great public importance and must be resolved promptly.’ [Citations.] If these criteria are satisfied, the existence of an alternative appellate remedy will not preclude this court's original jurisdiction.

This case involves fundamental questions of the Legislature’s authority to place on the California ballot an initiative that contains two different subjects with conflicting positions, and where the legislation proposing the initiative violated numerous provisions of the California Constitution. Absent immediate intervention, Respondent will mail a

November 4, 2025, election ballot that will include the unlawful dual-subject measure that the Legislature has unlawfully promulgated.

V. FACTS AND LAW

9. California Constitution, Article XVIII, § 1 provides that the Legislature shall prepare each proposed constitutional amendment such that “[e]ach amendment . . . can be voted on separately.”

10. California Constitution, Article XXI, § 1 states:

In the year following the year in which the national census is taken under the direction of Congress at the beginning of each decade, the Citizens Redistricting Commission described in Section 2 shall adjust the boundary lines of the congressional . . . districts (also known as “redistricting”) in conformance with the standards and process set forth in Section 2.

11. California Constitution, Article XXI, § 2 provides that the process for adjusting the boundaries of congressional districts must, *inter alia*: be “an open and transparent process enabling full public consideration of and comment on the drawing of district lines”; maintain the “geographic integrity of any city, county, city and county, local neighborhood, or local community of interest . . . in a manner that minimized their division to the extent possible” without violating federal law or geographic continuity; not consider “[t]he place of residence of any incumbent or political candidate”; and refrain from drawing districts “for the purpose of favoring or discriminating against an incumbent, political candidate, or political party.”

12. California Constitution, Article IV, § 8(a) states:

At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollcall vote entered in the journal, three fourths of the membership concurring.

13. On February 5, 2025, Senator Sabrina Cervantes introduced SB 280, entitled “An act to amend Section 84309 of the Government Code, relating to the Political Reform Act of 1974.” A true and correct copy of SB 280, as introduced, is attached hereto as Exhibit 1. SB 280 was passed by a vote of 39–0 in the Senate on May 29, 2025, and ordered to the Assembly, where until August 18, 2025, it had been read on the floor of the Assembly twice, with no additional progress.

14. On February 13, 2025, Assemblymember Marc Berman introduced AB 604, entitled “An act to repeal Section 2226 of the Elections Code, relating to elections.” A true and correct copy of AB 604, as introduced, is attached hereto as Exhibit 2. AB 604 was passed by a vote of 75–1 in the Assembly on April 4, 2025, and ordered to the Senate, where, until August 18, 2025, it had been read on the floor of the Senate once and referred to the Senate Committee on Elections and Constitutional Amendments, with no additional progress.

15. On August 14, 2025, Governor Gavin Newsom, alongside state and legislative leaders, announced plans to introduce a new legislative package during the week of August 18, 2025, for a state constitutional amendment that would permit the Legislature to redraw the boundaries of California’s congressional districts, discarding the work of the California Citizens Redistricting Commission in 2021 before the decennial federal census in 2030.

16. It has been reported and acknowledged by legislative leaders that, in fact, a group under the leadership of certain members of Congress from California with funding from national political committees had already spent the prior month beginning the process of redistricting and gave the fruits of their efforts to the Legislature just days before the Legislative session had begun, and long before any measure approved by the voters in a future special

election would have authorized them or the Legislature to engage in the redistricting process.

17. Under California Constitution, Article IV, § 8(a), any such new legislation transferring the power to redistrict from the Commission to the Legislature or anyone else could not be heard or acted upon by any committee or either house until September 18, 2025—31 days after the introduction of the new legislation on August 18, 2025—at the earliest.

18. On August 18, 2025, the State Senate, over the objections of several Senators, sought to circumvent Article IV, § 8(a) by an amendment of AB 604 that deleted its previous text and replaced it with text describing new congressional boundaries that would replace those drawn by the independent citizens commission and remain in effect until the Commission certified a new map of congressional districts in 2031. A true and correct copy of AB 604, as amended on August 18, is attached hereto as Exhibit 3.

19. That same day, the State Assembly amended ACA 8, a proposed amendment previously concerning the procedures incumbent judges must follow when seeking successive terms, to provide instead for the voters' approval of an advisory measure to the U.S. Congress, requesting that it propose an amendment to the U.S. Constitution to require the use of independent redistricting commissions nationwide, and the voter's ratification of the Legislature's secretly drawn congressional district map described in AB 604. A true and correct copy of ACA 8, as amended on August 18, 2025, is attached hereto as Exhibit 4.

20. There are at least some registered California voters who desire to vote one way on the advisory measure in ACA 8, and a different way on the substantive change ACA 8 makes to the California constitution.

21. The Assembly also amended SB 280, over the objections of several legislators, to call for a special election on November 4, 2025, at which the

people of California would decide ACA 8. A true and correct copy of SB 280, as amended on August 18, is attached hereto as Exhibit 5.

22. On August 21, 2025, the State Assembly amended ACA 8 again and removed language that had previously conditioned the operability of AB 604 on Texas, Florida, or any other State adopting a new congressional map before January 1, 2031. A true and correct copy of ACA 8, as amended on August 21, 2025, is attached hereto as Exhibit 6.

23. The congressional districts reflected in AB 604 were drawn without public notice, hearings, or input, and for an express partisan purpose.

24. AB 604's proposed maps would carve up counties 114 times and cities 141 times, more and differently than current maps; dissect the historically Chinese- and Asian-American contiguous communities of Walnut, Diamond Bar, Rowland Heights, and Chino Hills into three different districts; cleave the Hispanic enclaves of Baldwin Park, El Monte, Pico Rivera, and part of Stockton from their existing districts; and shatter San Joaquin County into five separate districts, slicing Stockton's southern Hispanic core from the district containing the rest of Stockton.

25. At no time was a vote taken on either AB 604 or SB 280 to dispense with the State Constitution's requirement that the Legislature refrain from acting upon new legislation until the 31st day following its introduction.

26. On August 21, 2025, AB 604 and SB 280 were passed by floor votes in their houses of origin.

27. On August 22, 2025, Governor Gavin Newsom signed AB 604 and SB 280 into law.

VI. TIMELINESS OF PETITION AND REQUESTED RELIEF

28. This Petition is filed within four days of AB 604 and SB 280 being signed into law by Governor Newsom and ACA 8 being proposed to Californians for approval on November 4, 2025. The urgency of resolving

this issue expeditiously is demonstrated by the fact that, without action by this Court, Respondent will direct county registrars across the State to begin preparing for an election on November 4, 2025. Californians will also be required to begin preparing for the election. This includes what is expected to be a campaign on which hundreds of millions of dollars will be spent. Therefore, any delay in granting the relief Petitioners seek runs the risk of forcing counties and Californian voters to incur significant and ultimately meaningless costs to hold and participate in an election on an unconstitutional ballot measure.

29. “[P]reelection review here is essential to further the underlying principle which is being invoked.” (*Legislature v. Deukmejian* (1983) 34 Cal.3d 658, 667.) Redistricting subjects the body politic to inevitable “turmoil and disruption.” (See *ibid.*) That is precisely why the State Constitution limits redistricting to a decennial basis. (*Ibid.*) The Legislature and others have, in violation of the California Constitution, secretly engaged in the redistricting process for weeks and have already triggered the extreme “turmoil and disruption” this Court feared. If the Court defers judicial review until after the November 4, 2025 special election, its ruling would come too late to avoid the turmoil and disruption of redistricting (“part of the reason for the existence of the [once-per-decade] rule would already have been frustrated by default.” [*Ibid.*]) and the expenditure of hundreds of millions of dollars in taxpayer and private funds.

30. This Court may grant the interim relief requested pending review of the writ, whether it requests oral argument or not. This case is best suited for resolution by this Court, rather than a superior court or the Court of Appeals, because this matter presents issues of statewide public importance and constitutional interpretation that require speedy and final resolution. This Court has recognized its responsibility to exercise original jurisdiction in cases of great urgency and constitutional importance. (*California*

Redevelopment Ass’n v. Matosantos (2011) 53 Cal.4th 231, 253) (assuming original jurisdiction to resolve matters of “sufficiently great importance” that require “immediate resolution”)). Like *Matosantos*, this case involves a time-sensitive constitutional question with statewide implications that must be resolved immediately to avoid irreparable harm. If Petitioners were first to file a writ in a superior court or the Court of Appeals, the non-prevailing parties could then seek review in this Court, with additional opportunities for delay at each stage. Such a prolonged process would preclude the timely resolution of a fundamental constitutional question.

VII. IRREPARABLE INJURY/NECESSITY FOR RELIEF

31. Petitioners have no plain, speedy, and adequate remedy at law, other than the relief sought in this request.

32. As California residents, Petitioners would be harmed in that they would be subjected to extensive tumult as a result of redistricting, only for the maps approved by Californians to be invalidated in a later proceeding. (See *Am. Fed’n of Lab. v. Eu* (1984) 36 Cal.3d 687, 697 [“The presence of an invalid measure on the ballot steals attention, time and money from the numerous valid propositions on the same ballot. It will confuse some voters and frustrate others, and an ultimate decision that the measure is invalid, coming after the voters have voted in favor of the measure, tends to denigrate the legitimate use of the initiative procedure.”].)

33. Petitioners would also be harmed if ACA 8 is allowed onto the November 4, 2025, ballot because they would be required to express a singular view as to multiple provisions with conflicting subjects and purposes. It is a fundamental principle in California that the Legislature may not engage in redistricting in the first instance, and its secret redistricting and legislative blitz has already begun inflicting on the people of California the cost, turmoil, and disruption of redistricting. Even if it could, AB 604 is an untimely and procedurally improper exercise of that authority. Furthermore,

this Court has already recognized that under the California Constitution, redistricting can only occur once every decade.

VIII. PRAYER FOR RELIEF

WHEREFORE, Petitioners pray that this Court:

- (a) Grant the Petitioners' Petition for Writ of Mandate without a hearing, requiring Respondent and all persons acting pursuant to her direction, including all county registrars of voters, to refrain from taking any steps to place ACA 8 on any statewide election ballot or submitting ACA 8 to the voters for approval.
- (b) Alternatively, issue an order to show cause why Petitioners' Petition for Writ of Mandate—which requires Respondent and all persons acting pursuant to her direction, including all county registrars of voters, to refrain from taking any steps to place ACA 8 on any statewide election ballot or submitting ACA 8 to the voters for approval—should not be granted; issue the interim stay relief requested herein requiring Respondents to refrain from taking any steps to place ACA 8 on any statewide election ballot or submitting Assembly Constitutional Amendment 8 to the voters for approval pending the Court's determination on the merits; and hold a hearing and decide the matter not later than September 08, 2025; or,

**MEMORANDUM OF POINTS AND AUTHORITIES IN SUPPORT
OF EMERGENCY PETITION FOR WRIT OF MANDATE OR
OTHER EXTRAORDINARY OR IMMEDIATE RELIEF**

Petitioners hereby respectfully bring this Emergency Petition for Writ of Mandate or Other Extraordinary or Immediate Relief under Article VI, § 10 of the California Constitution, Code of Civil Procedure §§ 1085 and 1086, Rule 8.486 of the California Rules of Court, and *Clean Air Constituency v. California State Air Resources Board* (1974) 11 Cal.3d 801, 808.

I. INTRODUCTION

Petitioners seek this Writ of Mandate pursuant to Article VI, § 10 of the California Constitution, Code of Civil Procedure §§ 1085 and 1086, and Rule 8.486 of the California Rules of Court, contending that ACA 8 is an unconstitutional exercise of legislative authority, because it violates Article XVIII, § 1 in that it fails to follow the separate vote requirement (the “single subject rule”). The Legislature’s redistricting, which ACA 8 seeks voters’ retroactive approval of, also violates Article XXI, §§ 1, and 2 of the California Constitution, which specifically confer redistricting authority upon the Commission and limits the exercise of such authority to once per decade and regulates how redistricting must be done. ACA 8’s existence is dependent upon AB 604 which violated the requirement in Article IV, § 8(a) that any measure enacted be introduced at least 30 days before heard or acted upon by the Legislature.

This case presents the straightforward but urgent question of whether the Legislature may, in the middle of the decade, usurp the Citizens Redistricting Commission (the “Commission”) and impose new congressional district lines with criteria that differ from the state Constitution’s requirements for a redistricting process. Our State Constitution is clear that it may not. It entrusts redistricting exclusively to the Commission and permits redistricting to occur only once per decade, in the

year following the federal census, and it regulates how redistricting must be done. Those limits exist for a reason. Redistricting is disruptive, contentious, and prone to abuse by its very nature. The people of California have specified in the Constitution how they wish redistricting to be conducted and by whom. Thus, any redistricting process in violation of their terms is unconstitutional.

Nevertheless, the Legislature has enacted Assembly Bill 604 (“AB 604”) and placed Assembly Constitutional Amendment 8 (“ACA 8”) on the November 4, 2025, ballot to make AB 604 operative. These measures ask the People to retroactively approve completed actions by the Legislature that the Constitution forbids. This Court has consistently exercised its authority to prevent unconstitutional measures from reaching the ballot, especially when the harm lies not only in the substance of the proposal but in the instability caused by submitting an invalid choice to voters. The harm here is unmistakable. If allowed to proceed, ACA 8 would sow confusion among the State’s electorate and force counties and other localities to expend millions of dollars to hold a rushed election, all in service of an unlawful redistricting plan concocted in secret by someone other than the sole authority the Constitution authorizes for redistricting and in violation of the Constitution’s requirements for redistricting.

Immediate judicial intervention is, therefore, necessary. The Constitution’s guardrails on redistricting are essential to ensuring that Californians are spared from the political influence and inherent turbulence of perpetual map-drawing in the hands of the Legislature. ACA 8 violates those guardrails by rendering an unconstitutional bill operative and, thus, must be removed from the ballot immediately. This petition seeks such relief.

II. ARGUMENT

A. This Court Has Jurisdiction to Remove Unconstitutional Measures from the Ballot Before the Election

It is well settled that this Court has a responsibility to safeguard constitutional guarantees by striking from ballots those proposals that would produce constitutionally invalid results. (See *Legislature v. Weber* (2024) 16 Cal.5th 237, 252 [“[P]reelection review is proper for challenges that go ‘to the power of the electorate to adopt the proposal in the first instance.’” [quoting *Legislature v. Deukmejian* (1983) 34 Cal.3d 658, 667]]; see also *Am. Fed’n of Lab. v. Eu* (1984) 36 Cal.3d 687, 715–716 [issuing writ of mandate prohibiting the inclusion of a Balanced Budget Initiative on the ballot]; *Senate v. Jones* (1999) 21 Cal.4th 1142, 1168–1169 [issuing a writ of mandate as to a ballot measure that would violate the single subject rule before its inclusion on the ballot]; *Costa v. Superior Ct. (Sacramento)* (2006) 37 Cal.4th 986, 1006 [collecting cases in which preelection review was appropriate where the proposed initiative measure failed to comply with the essential procedural requirements necessary to qualify an initiative measure for the ballot].)

As discussed below, Petitioner’s challenge here meets the requirements for preelection review because it “goes to the power of the electorate to adopt the proposal in the first instance.” (*Weber, supra*, 16 Cal.5th at p. 252.) The legislative authority of the People does not exceed that of the Legislature. (See *Deukmejian, supra*, 34 Cal.3d at p. 675.) Thus, the People may not enact a statute that the Legislature itself has no authority to enact. (*Bldg Indus. Ass’n v. City of Camarillo* (1986) 41 Cal.3d 810, 821.) Whether a statute subject to voter approval receives sufficient public support is inconsequential: “[V]oter consent cannot convert an unconstitutional [statute] into a constitutional one.” (*Silicon Valley Taxpayers’ Ass’n v. Santa Clara Cnty. Open Space Auth.* (2008) 44 Cal.4th 431, 449; see *In re*

Marriage Cases (App. 2006) 49 Cal.Rptr.3d 675, 724, revd. on other grounds (2008) 43 Cal.4th 757 [“Of course, the mere fact that a majority wishes it so cannot save an otherwise unconstitutional law.”].)

Therefore, this Court may issue a writ requiring Respondent to remove ACA 8 from the ballot on the basis that the statute that ACA 8 would authorize—AB 604—is unconstitutional.

B. ACA 8 Violates the California Constitution’s Separate Vote Requirement

Article XVIII, § 1 of our State Constitution provides:

The Legislature by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, may propose an amendment or revision of the Constitution and in the same manner may amend or withdraw its proposal. **Each amendment shall be so prepared and submitted that it can be voted on separately.**

(emphasis added).

This Court has interpreted this requirement (the “separate vote requirement”) as precluding the Legislature from, within any single amendment, proposing “two changes to the state Constitution that are not germane to a common theme, purpose, or subject.” (*Californians for an Open Primary v. McPherson* (2006) 38 Cal.4th 735, 738.) In this way, the separate vote requirement mirrors the limitations imposed on the People’s initiative power under Article II, § 8(d) of our State Constitution (*id.* at p. 776), which requires that the various provisions of every initiative measure be “reasonably related to a common theme or purpose” (the “single subject rule”). (*Legislature v. Eu* (1991) 54 Cal.3d 492, 512; accord *Senate v. Jones* (1999) 21 Cal.4th 1142, 1157 [An initiative measure conforms to the single-subject rule if “all of its parts are reasonably germane to each other, and to the general purpose or object of the initiative.” [cleaned up].])

The purpose of the separate vote requirement is clear: “[T]he provision is designed to limit legislative power by barring submissions that otherwise might cause voter confusion or constitute ‘logrolling’—that is, the practice of combining two or more unrelated provisions in one measure, thereby forcing a single take-it-or-leave-it vote on matters that properly should be voted upon separately.” (*McPherson*, *supra*, 38 Cal.4th at p. 749; accord *id.* at p. 765) The consistent interpretation of “essentially identical” provisions adopted by at least a dozen other states illustrates this intention. (*Id.* at pp. 749–750 [citing cases].)

ACA 8 violates the separate vote provision because it plainly joins two provisions that are unrelated to a “common theme or purpose.” (*Eu*, *supra*, 54 Cal.3d at p. 512.) Section 4(a) of the proposed amendment states:

It is the policy of the State of California to support the use of fair, independent, and nonpartisan redistricting commissions nationwide. The people of the State of California call on the Congress of the United States to pass federal legislation and propose an amendment of the United States Constitution to require the use of fair, independent, and nonpartisan redistricting commissions nationwide.

(Exhibit 6, at 2.) This is an advisory measure that calls upon Congress to adopt a nationwide requirement that independent commissions draw congressional districts.

Section 4(b) of ACA 8, by contrast and in relevant part, requires that “the single-member districts for Congress reflected in Assembly Bill 604 . . . be used for every congressional election . . . commencing on or after [November 4, 2025] and before [the certification of the Commission’s congressional map in 2031].” This is a substantive amendment that immediately alters California’s redistricting process by making AB 604’s Legislature-drawn districts operable until 2031.

The first provision—Section 4(a)—does not change California’s constitutionally mandated redistricting system at all. It is a precatory measure, intended to communicate the People’s wishes to Congress that independent commissions become the exclusive means of redistricting across the nation. The second provision—Section 4(b)—by contrast, revokes the exclusive constitutional authority to redistrict from California’s own redistricting commission, discards the current maps in place that the Commission adopted in compliance with the state Constitution’s requirements, and asks the voters to retroactively adopt maps proposed by the Legislature before given the power to do so and pursuant to a redistricting process that violates the Constitution’s requirements for such processes.

These two provisions are not “germane to a common theme, purpose, or subject.” (*McPherson, supra*, 38 Cal.4th at p. 738.) Section 4(a) seeks to influence federal constitutional standards while Section 4(b) directly reshapes California’s governance. More importantly, however, by appearing as part of a single measure—upon which voters are only permitted to vote in the affirmative or negative, as to its entirety—Californians are forced into the very “take-it-or-leave-it” circumstances the separate vote requirement was designed to prevent. (*Id.* at p. 749.)

If a voter wishes to express support for nationwide independent redistricting, they must nonetheless accept California’s abandonment of its own independent redistricting system in favor of legislative control. Likewise, if a voter wishes to reject legislative redistricting in California because they believe independent redistricting should first be universally implemented, they must also reject the opportunity to call upon Congress to seek the adoption of a nationwide policy that conforms to their beliefs. On the other side of the issue, if a voter believes that states should refrain from using independent commissions and, therefore, supports the use of the districts reflected in AB 604, they must, under ACA 8, endorse a call to

enshrine the use of independent commissions in the federal constitution. At least two of the Petitioners here will be faced with this Hobson's choice should ACA 8 appear on the November ballot. (See Declaration of Andrew Pandol at ¶¶ 3–4; Declaration of Tony Strickland at ¶¶ 3–4.)

This is precisely the kind of compelled trade-off the separate vote provision forbids. If ACA 8 appears on the November ballot as written, Californians will be unable to evaluate the merits of the advisory proposal and the substantive alteration of California's redistricting scheme separately. Therefore, ACA 8 fails to adhere to this constitutional requirement.

“The normal remedy for violation of the separate-vote provision [is] either (1) a preelection order barring submission of the measure to the voters in a single package, or (2) postelection invalidation of a measure that improperly was submitted to the voters in a single package.” (*McPherson*, *supra*, 38 Cal.4th at p. 780.) The Court should not, however, permit both measures to appear on the ballot in a bifurcated fashion under normal circumstances. (*Id.* at p. 781 [“Nothing in the language or history of article XVIII generally, or of the separate-vote provision in particular, suggests that a violation of the provision should be remedied by bifurcation of proposed amendments and the presentation of those matters to the electorate in separate measures.”].)

Because Petitioners are filing this petition before the November 4, 2025, special election, the proper remedy in light of this violation is for this Court to remove ACA 8 from the ballot entirely.

C. AB 604 as an Unconstitutional Exercise of Legislative Authority Subject to Judicial Review

When the Legislature takes actions that conflict with the constitutionally defined limits of its authority, this Court is empowered to intervene and declare such actions unconstitutional. (*City of Sacramento v. Legislature* (1986) 187 Cal.App.3d 393, 397 [“It is within the legitimate

power of the judiciary to declare the action of the Legislature unconstitutional, where that action exceeds the limits of the supreme law.” [emphasis omitted]]; *Campaign for Quality Educ. v. State* (2016) 246 Cal.App.4th 896, 905 [same]; *California Ass’n for Safety Educ. v. Brown* (1994) 30 Cal.App.4th 1264, 1284 [same]; *California Sch. Bds. Ass’n v. State* (2018) 19 Cal.App.5th 566, 585, as modified on denial of reh’g (Feb. 7, 2018), aff’d, (2019) 8 Cal.5th 713 [quoting *Lockard v. City of Los Angeles* (1949) 33 Cal.2d 453, 461–462].)

It is well established that where our State Constitution “specifically confers power” upon a government entity, “the Legislature cannot directly or indirectly remove that power from the [entity’s] control.” (See *Carmel Valley Fire Protection Dist. v. State* (2001) 25 Cal.4th 287, 304 [citing *State Bd. of Educ. v. Levit* (1959) 52 Cal.2d 441, 461–462]; cf. *Howard Jarvis Taxpayers Ass’n v. Bowen* (2011) 192 Cal.App.4th 110, 127 [Legislature may not interfere with duties specifically assigned to the Attorney General].) Even if the Legislature will, at some point in the future, gain authority presently committed to another arm of the government, it still may not act as if it presently has such authority. (See *Howard Jarvis Taxpayers Ass’n*, *supra*, 192 Cal.App.4th at p. 127 [“The Legislature can take over [preparing the ballot label, title, and official ballot summary of a measure] only if it obtains the approval of the electorate to do so prior to placement of the measure on the ballot.”].)

Extensive as the Legislature’s powers may be, they “must share space with the powers reserved to” other government bodies or officials. (See *Howard Jarvis Taxpayers Ass’n v. Padilla* (2016) 62 Cal.4th 486, 499.) This principle applies regardless of whether the entity is another branch of government (see *ibid.*) or a body expressly created by the Constitution (*Levit*, *supra*, 52 Cal.2d at pp. 461–462 [citing cases]). The dispositive question is, thus, whether the Legislature’s action “defeats or materially impairs” the

ability of any such entity to exercise its constitutionally prescribed authority or intrudes upon a “core zone” of its functions. (See *Marine Forests Soc’y v. California Coast Comm’n* (2005) 36 Cal.4th 1, 15.)

Therefore, when the Legislature seeks to act in a manner that limits the authority of a constitutional body to engage its core constitutional functions, this Court may intervene and assert the impermissibility of such conduct.

Recognizing the significant power that the Constitution granted to the Legislature in this area and how the Legislature historically exercised it, the people of California amended the Constitution in 2008 and 2010 to vest redistricting authority exclusively in the Commission. (See Prop. 11, § 3.2 (2008); Prop. 20, § 3.1 (2010).) As amended, California Constitution Article XXI, § 1 provides:

In the year following the year in which the national census is taken under the direction of Congress at the beginning of each decade, the Citizens Redistricting Commission described in Section 2 shall adjust the boundary lines of the congressional . . . districts (also known as “redistricting”) in conformance with the standards and process set forth in Section 2.

The People’s decision to amend the State Constitution to confer the duty of redistricting upon the Commission, and take it away from the Legislature, reflects a significant structural and political judgment. Being a fundamentally partisan body, the Legislature could not, according to the People, be trusted to exercise the redistricting power. Accordingly, that power to engage in the redistricting process was removed from the Legislature and placed in the hands of the Commission, which was, in turn, expressly designed to be “independent from legislative influence.” (Cal. Const. art. XXI, § 2(c)(1).)

In addition to transferring the power to engage in the redistricting process to the Commission, the People specified that the boundaries of the State’s congressional districts must be deliberated and developed in an “open and transparent” manner. (Cal. Const. art. XXI, § 2(b)(1).) Further, in addition to adhering to federal requirements (Cal. Const. art. XXI, § 2(d)(1)–(2)), maps must be drawn in a “geographically contiguous manner” (*id.* § 2(d)(3)) and “[t]he geographic integrity of any city, county, city and county, local neighborhood, or local community of interest shall be respected in a manner that minimizes their division to the extent possible” (*id.* § 2(d)(4)). Importantly, redistricting cannot consider “[t]he place or residence of any incumbent or political candidate” and maps cannot be drawn **“for the purpose of favoring or discriminating against an incumbent, political candidate, or political party.”** (*Id.* § 2(e) [emphasis added].) Together, the Constitution’s provisions mandate a redistricting process “that excludes career politicians, reflects citizen participation at every level, and is expected to rise above partisanship.” (*Vandermost v. Bowen* (2012) 53 Cal.4th 421, 443.)

For example, during the penultimate period of redistricting,¹ the redistricting process included “more than 70 business meetings and 34 public hearings in 32 cities throughout the state.” (*Vandermost, supra*, 53 Cal.4th at p. 445.) These hearings were scheduled in a manner that made it convenient for “average citizens” to participate, and the public was “regularly allowed” to provide “input and comment.” (*Ibid.* [citation omitted].) Educational materials were distributed in seven different languages, and the redistricting process included the consideration “in addition to oral testimony, more than

¹ The Commission’s redistricting efforts in 2021 were impacted by the delayed timing of the federal census that occurred because of the global COVID-19 pandemic in 2020. (See *Legislature v. Padilla* (2020) 9 Cal.5th 867, 873.)

2,000 written submissions” and “written comments, input and suggestions from more than 20,000 individuals and groups.” (*Id.* at pp. 445–446.) Before draft maps were issued, the redistricting process included twenty-three “public input hearings,” and after draft maps were released there was a five-day review period followed by an additional eleven hearings “to collect reactions to and comments concerning those draft maps.” (*Ibid.*) “[P]ublic meetings were live-streamed, captured on video, and placed on the Commission’s Web site for public viewing.” (*Ibid.* [internal quotation marks omitted].) Every document created in the redistricting process was posted on the internet. (*Ibid.*)

The redistricting process reflected in AB 604, by contrast, was conducted in secret, by unknown persons, and without any public notice, input, submissions, or hearings, in violation of the constitutional requirements the People enacted in 2008 and 2010.

The primary purpose of transferring power to the Commission was the avoidance of self-interested and partisan considerations, which characterize the redistricting process when controlled by the Legislature. (Prop. 11, § 2(b) [“Politicians draw districts that serve their interests, not those of our communities.”]; Prop. 20, § 2(a) [“Allowing politicians to draw [Congressional] districts, to make them safe for incumbents, or to tailor the districts for the election of themselves or their friends, or to bar the districts to the election of their adversaries, is a serious abuse that harms voters.”].)

The Legislature thus violated the clear text and purpose of Article XXI, §§ 1, 2 when it engaged in the redistricting process, and did so without complying with the Constitution’s redistricting requirements, including secretly developing new congressional district maps without public input and redistricting solely for one party’s advantage. Indeed, the redistricting proponents have been unequivocal in proclaiming that the express purpose of their redistricting effort has been to redraw congressional boundaries to

benefit Democrats over Republicans (see Maya C. Miller & Jeanne Kuang, *California Lawmakers Are Voting on Gavin Newsom's Gerrymandering Plan. Here's the Latest*, CalMatters, (Aug. 21, 2025) [available at: <https://calmatters.org/politics/2025/08/california-redistricting-vote/>]), and, reportedly, the effort to use the redistricting process to increase the number of congressmembers from the Democratic Party was led by California's Democratic Party congressional delegation. (Melanie Mason, *et al.*, *How California Bluffed Its Way into a Redistricting War with Trump*, Politico (Aug. 23, 2025) [available at <https://www.msn.com/en-us/news/politics/how-california-bluffed-its-way-into-a-redistricting-war-with-trump/ar-AA1L5cL2?ocid=BingNewsSerp>].)

Further, the district boundaries defined in AB 604 do not maintain the geographic integrity of areas across the State, in violation of Article XXI, sec. 2(d)(4). (See Decl. of Trende at ¶ 20). Sean Trende's expert opinion is that Congressional Districts 2, 9, 30, 40, and 47 are no longer functionally contiguous. He also highlights numerous occasions where the new maps disrupted various communities of interest that had been preserved in the prior independent citizens redistricting commission's maps. (See Decl. of Trende at ¶ 26).

AB 604 is thus invalid because when the Legislature engaged in its redistricting process, as now, the text of the Constitution still limited the authority to engage in the redistricting process to the Commission and it imposed requirements for that process that the Legislature flagrantly violated, rendering the Commissions redistricting, and AB 604, unconstitutional. (See *Carmel Valley Fire Protection Dist.*, *supra*, 25 Cal.4th 287 at p. 304.) The most egregious violation of those requirements by AB 604 and the maps it creates is their flouting of Article XXI, § 2 of our State Constitution by "discriminat[ing] against a political party." (See Decl. of Trende at ¶ 15-18). Thus, even if the Legislature had possessed the authority

to engage in a redistricting process, the measure must be enjoined because the Legislature's maps were developed pursuant to a redistricting process that violated key constitutional requirements for redistricting.

D. The Boundaries of California's Congressional Maps May Only Be Drawn Once Per Decade

Even if the Legislature or the voters have or are given the authority to engage in a map-drawing process, a power that the Commission currently holds, the ballot measure is unconstitutional for a separate and independent reason: Our State Constitution unambiguously permits redistricting only once per decade. Redistricting is an inherently destabilizing event that results in substantial political and social upheaval, as well as costs. This ballot measure is expected to trigger hundreds of millions of dollars in costs. To combat this, the Constitution guarantees that redistricting will only occur once per decade. The Legislature's present attempt to redraw congressional districts in 2025 defies that guarantee and must be enjoined for that reason.

Article XXI, § 1 provides, in relevant part, that redistricting shall only occur “[i]n the year following the year in which the national census is taken under the direction of Congress at the beginning of each decade[.]” This constitutional mandate is clear: Redistricting occurs once, in the year following the federal census, and the resulting districts remain in place until the next decennial cycle.

This Court confirmed the force of the once-per-decade rule in *Legislature v. Deukmejian* over four decades ago. There, the Court “determine[d] the constitutionality of an attempt—novel in the history of this state—to readjust state legislative and congressional district boundaries through the statutory initiative process” between decennial redistricting. (34 Cal.3d at 663.) Proponents of the initiative at issue in that case sought “to create an exception to **the constitutionally mandated and long-established rule** that redistricting may occur only once within the 10-year period

following a federal census.” (*Ibid.* [emphasis added].) Note that this long-established rule predated the creation of the Commission and is independent from who engages in redistricting. This Court declined to create such an exception to decennial redistricting for ballot measures, ruling that the special election called for the purpose of mid-decade redistricting by initiative was unconstitutional. (*See id.* at p. 681.)

This Court based its ruling on a determination that the appropriate interpretation of Article XXI, § 1 of the State Constitution rendered impermissible the proponents’ efforts to engage in a process of redistricting at any time other than “[i]n the year following the year in which the national census is taken under the direction of Congress at the beginning of each decade[.]” (*Deukmejian, supra*, 34 Cal.3d at p. 672 [quoting Cal. Const. art. XXI, § 1].) Ultimately, this Court concluded that “[a] statutory initiative is subject to the same state and federal constitutional limitations as are the Legislature . . .” (*id.* at p. 674 [citing cases]), and “Article XXI . . . is absolute in its prohibitory aspect,” with respect to the once-a-decade rule (*ibid.*).

In the years since this Court’s decision in *Deukmejian*, California Courts have routinely reiterated its central holding. (See *California Cannabis Coal. v. City of Upland* (2017) 3 Cal.5th 924, 942 [discussing *Deukmejian*’s determination that the Constitution prohibits the Legislature from redistricting more than once per decade and affirming that this principle precludes initiatives that circumvent that legislative limitation]; *California Sch. Bds. Ass’n v. State* (2009) 171 Cal.App.4th 1183, 1207–1208 [same].)

It is abundantly clear from this Court’s precedents that Article XXI, § 1 has consistently been interpreted as restricting the use of the redistricting power to a decennial basis. While that Section has been amended in the years since *Deukmejian*, the amendments have done nothing to alter that guarantee, which has been an essential element of redistricting since the California Constitution was adopted in 1879. (Cal. Const. art IV, § 6 (1879) [“The

census taken under the direction of the Congress of the United States . . . shall be the basis of fixing and adjusting the legislative districts, and the Legislature shall, at its first sessions after each census, adjust such districts and re-apportion the representation”].)

The 2008 amendments created the Commission and provided that the Legislature was to coordinate with the Commission when drawing congressional districts. (See Cal. Const art. XXI, §§ 1(d), 2 (2008). And the 2010 amendments wholly “transferr[ed] the redistricting task to [the Commission].” (*Vandermost, supra*, 53 Cal.4th at p. 443.) But neither of these amendments affected the longstanding temporal limits imposed by the State Constitution on the redistricting power, and every substantive provision in force in 1983 remains in force today, except the provision specifying which arm of the government holds the authority to redistrict. (Compare Cal. Const. art. XXI, § 1(a)–(e) (1983), with Cal. Const. art. XXI, §§ 2(d), (d)(1), (d)(3), (f), (d)(4).) In short, who redistricts is a separate issue from when redistricting may occur.

Consequently, this Court should interpret Article XXI, § 1 as imposing the same constraints today as it did in 1983. (See *Glaviano v. Sacramento City Unified Sch. Dist.* (2018) 22 Cal.App.5th 744, 753 [“When legislation has been judicially construed and subsequent statutes on a similar subject use identical or substantially similar language, the usual presumption is that the Legislature intended the same construction, unless a contrary intent clearly appears.” [quoting *Ketchum v. Moses* (2001) 24 Cal.4th 1122, 1135]]; *In re Marriage of Amezquita & Archuleta* (2002) 101 Cal.App.4th 1415, 1421 [same]; *People v. Smith* (2022) 75 Cal.App.5th 332, 343 [citing *Moran v. Murtaugh Miller Meyer & Nelson, LLP* (2007) 40 Cal.4th 780, 785 for the same proposition]; *People v. Superior Ct. Nelson* (2011) 200 Cal.App.4th 1083, 1099 [“[I]t is ‘ordinarily presumed’ that statutory language, once judicially construed, will be given a like interpretation in a latter statute on the same or analogous subject.” [quoting *Yeroushalmi v. Miramar Sheraton* (2001) 88 Cal.App.4th 738, 748–749].)]

The Legislature cannot take action that contravenes a constitutional provision. (*Consulting Eng’rs & Land Surveyors of Cal., Inc. v. Pro. Eng’rs in Cal. Gov’t* (2007) 42 Cal.4th 578, 587 [citing *Cnty. of Fresno v. State* (1991) 53 Cal.3d 482, 493].) The Legislature’s enactment of AB 604, even if combined with the approval of the measure by the state’s voters, would unconstitutionally inflict a prohibited mid-decade redistricting. Because AB 604 disregards the guarantee of decennial finality enshrined in our State Constitution, AB 604 should be invalidated by this Court and Respondent enjoined from placing ACA 8 on the ballot.

E. AB 604 Is Unconstitutional Because the Legislature Failed to Adhere to the Constitutionally Mandated Waiting Period for New Legislation

i. The Legislature’s Failure to Wait 30 Days Before Acting Upon AB 604 Does Not Conform to Our Constitution’s Defined Procedures

Irrespective of whether AB 604 violates other constitutional mandates, the Legislature’s passage of AB 604 only 4 days after its contents were first introduced renders AB 604 unconstitutional and, consequently, requires that ACA 8 be removed from the November ballot.

California Constitution, Article IV, § 8(a) imposes an unambiguous requirement:

At regular sessions no bill other than the budget bill may be heard or acted upon by committee or either house until the 31st day after the bill is introduced unless the house dispenses with

this requirement by rollcall vote entered in the journal, three fourths of the membership concurring.

Constitutional provisions are to be construed like statutes. (See *Silicon Valley Taxpayers' Ass'n*, *supra*, 44 Cal.4th at p. 448; *Bowens v. Superior Ct. (Alameda)* (1991) 1 Cal.4th 36, 46; *Lungren v. Deukmejian* (1988) 45 Cal.3d 727, 735 [citing *Stanton v. Panish* (1980) 28 Cal.3d 107, 115]; *Bd. of Supervisors v. Loneragan* (1980) 27 Cal.3d 855, 863; *Amador Valley Joint Union High Sch. Dist. v. State Bd. of Equalization* (1978) 22 Cal.3d 208, 244–245.) Thus, when interpreting constitutional provisions, “[w]ell-established rules require [this Court] to . . . ascertain the intent of the enacting legislative body so that [it] may adopt the construction that best effectuates the purpose of the law.” (*Hassan v. Mercy Am. River Hosp.* (2003) 31 Cal.4th 709, 715 [citing *Esberg v. Union Oil Co.* (2002) 28 Cal.4th 262, 268]; *Klein v. United States* (2010) 50 Cal.4th 68, 77 [citing *Hassan*]; *Chavez v. City of Los Angeles* (2010) 47 Cal.4th 970, 986 [same].) Although this Court must first begin with the text of a provision (*Hassan*, *supra*, 31 Cal.4th at p. 715), “[l]iteral construction [of the provision] should not prevail if it is contrary to the legislative intent apparent in the statute” (*Lungren*, *supra*, 45 Cal.3d at p. 735), and this Court should avoid “judicial construction that renders part of [a provision] ‘meaningless or inoperative.’ ” (*Hassan*, *supra*, 31 Cal.4th at pp. 715–716 [quoting *Mfrs. Life Ins. Co. v. Superior Ct. (San Francisco)* (1995) 10 Cal.4th 257, 274].)

The plain language of Article IV, § 8(a) mandates that neither house of the Legislature may hear or act upon a “bill” until the 31st day after its introduction. This waiting period serves two distinct purposes.

First, the period exists to “giv[e] the interested public time to review the [legislative] proposal.” (*Mission Hosp. Reg. Med. Ctr. v. Shewry* (2008) 168 Cal.App.4th 460, 492.) Were either house to introduce and act upon a measure on the same day or within just a few days, members of the public

would be deprived of any meaningful time to review the measure’s contents, contact their representatives, and voice their approval or disagreement. That is why, in 1962, a proposal to shorten this period from 30 days to 20 days was rejected. Members of the public indicated that the full 30 days was required to provide them with sufficient time to “review legislation” and, in the case of public-facing organizations, notify their members “of the pendency of measures in which they are interested.” (Cal. Const. Rev. Comm’n, Constitution Revision History & Perspective 29 (1996) [available at: <https://www.californiacityfinance.com/CCRChistory.pdf>].)

Second, the provision serves the practical purpose that legislators themselves must have adequate time to review a proposed measure before they are called upon to speak intelligently about its contents and implications, as well as vote on it.

Thus, Article IV, § 8(a) affords the public and legislators sufficient time to evaluate proposed legislation, and any legislation passed without permitting such a period of public review is unconstitutional.

Several of the Petitioners previously challenged the Legislature’s action on AB 604 on the grounds that the Legislature’s introduction and referral of the redistricting scheme on August 18, 2025, violated this provision. (Emergency Pet. for Writ of Mandate or Other Extraordinary or Immediate Relief to Stay Legislative Action with Respect to AB 604 and SB 280, as Amended on August 18, 2025, S292490 (Cal. Aug. 18, 2025).) This Court denied that petition, concluding that those Petitioners had “failed to meet their burden of establishing a basis for relief **at this time** under California Constitution article IV, section 8.” (Disposition, S292490 (Cal. Aug. 29, 2025) [emphasis added].)

For the purposes of this challenge, there are only two potential time periods to consider: the time period after legislation is introduced, when it is prematurely acted upon by the Legislature but has not yet been

signed/enrolled—which is the time period this Court held was premature, and the time period after legislation has been introduced, prematurely acted upon, and signed—which is the time in which this Petition has been filed. Accordingly, this challenge must now be ripe for the Court’s consideration.

The Legislature’s decision to refer the new legislation in AB 604 to committee and to debate it and pass it before the expiration of the Constitutionally required 30-day public review period constitutes a direct violation of the prohibition in Article IV, § 8(a).

Although AB 604 was formally introduced on February 13, 2025 (see Exhibit 2), amending AB 604 on August 18, 2025, by removing all of its text and replacing that language *in toto* with provisions that define a new constitutional map constitutes the introduction of new legislation subject to the 30-day rule in Article IV, § 8(a). California Courts have not addressed whether this tactic, known as “gut and amend,” satisfies Article IV, § 8(a). Other states have been clear that the state legislature may not employ such a strategy to avoid constitutional obligations. (*League of Women Voters of Honolulu v. Hawaii* (Haw. 2021) 499 P.2d 382, 406; *Washington v. Dep’t of Pub. Welfare* (Pa. 2018) 188 A.3d 1135, 1151–1152; see *Bevin v. Kentucky ex rel. Beshear* (Ky. 2018) 563 S.W.3d 74, 92–94.) But more importantly, to condone this tactic would mean interpreting Article IV, § 8(a)’s 30-day waiting period as absurdly limiting the People’s right to know a mere bill number exists, rendering the 30-day requirement meaningless and insignificant. Such an interpretation thwarting the purpose of the provision is belied by the Constitution only allowing the Legislature to bypass the rule if fully three quarters of the Legislators vote to make an exception. Such an interpretation is squarely foreclosed by this Court’s precedent. (See *Hassan, supra*, 31 Cal.4th at pp. 715–716.)

Another weak argument easily dispatched is that the Legislature need only comply with the 72-hour rule in Article IV, § 8(b)(2) of our State

Constitution. The 30-day rule focuses on the beginning of the legislative process and protects the public and legislators by permitting them a period of time to review the original draft of proposed legislation and consider their positions before it can be debated and amended. The 72-hour rule, by contrast, focuses on the end of the legislative process and requires that the final text of a bill be disclosed at least 72 hours before it is passed, ensuring legislators have time to see the text they will be voting upon. (Cal. Const. art. IV, § 8(b)(2) [“No bill may be passed or ultimately become a statute unless the bill with any amendments has been printed, distributed to the members, and published on the Internet, **in its final form**, for at least 72 hours before the vote” [emphasis added]].) There is no basis in the text of the Constitution, the canons of interpretation, the precedent of this Court, or logic to interpret the 72-hour rule as somehow superseding or making redundant the 30-day rule. They are prescribed in separate provisions and in every respect apply to different documents (original versus final proposed legislation) for different purposes.

Article IV, § 8(a), appropriately construed, would have required the Legislature to wait until September 18, 2025, before taking any action with respect to AB 604. Because the Legislature passed AB 604 on August 21, 2025, well before that date, AB 604 was enacted in conflict with Article IV, § 8(a). As such, the act itself is unconstitutional. (See *Hotel Emps. & Restaurant Emps. Int’l Union v. Davis* (1999) 21 Cal.4th 585, 602 [“A statute inconsistent with the California Constitution is, of course, void.”]; *People v. Navarro* (1972) 7 Cal.3d 248, 260 [“Wherever statutes conflict with constitutional provisions, the latter must prevail.”].)

**ii. The Enrolled Bill Rule Should Not Preclude
Judicial Review of AB 604**

Nearly a century ago, this Court articulated its view that “a statute, properly enrolled and authenticated, conclusively establishes, not only the

contents of the law, but the due performance of all steps requisite to its passage by the Legislature.” (*Taylor v. Cole* (1927) 201 Cal. 327, 332.) But this principle is not absolute. Traditionally, the Enrolled Bill Rule may preclude judicial review of enrolled legislation, but it may only do so only “when an act of the Legislature is valid on its face” (*People ex rel. Levin v. Cnty. of Santa Clara* (1951) 37 Cal.2d 335, 337.) Thus, this Court has held that if it appears from the face of an enrolled bill that the act was adopted in violation of a constitutional mandate, this Court is permitted to invalidate the act on the basis of that violation. (See *People ex rel. Conklin v. City of San Buenaventura* (1931) 213 Cal. 637, 642, overruled on other grounds by *Costa, supra*, 37 Cal.4th at p. 1014, fn. 20 [Where it “appears on the face of [an] Assembly concurrent resolution . . . that one of the essential steps required by the Constitution . . . was not taken . . . we are compelled to hold that the [act], not having been legally adopted, its purported approval by the Legislature amounts to nothing.”]; *Santa Clara Cnty. v. Superior Ct. (Santa Clara)* (1949) 33 Cal.2d 552, 558 [approving of this Court’s holding in *City of San Buenaventura* that the constitutional sufficiency of a legislative act “may be tested by some appropriate proceeding”].)

AB 604 was first introduced on February 13, 2025, and functioned to repeal an “obsolete” provision that required “county elections officials to update a voter’s registration record if change-of-address information indicates the voter has moved to a new residence address in California.” (Exhibit 2, at 1.) On August 18, 2025, the original text of AB 604 was deleted and replaced with the wholly different text and subject of AB 604 that is at issue here, regarding the boundaries of congressional districts through 2030 (See generally Exhibit 3), and on August 21, 2025, the bill was passed by the Legislature.

As discussed above, well-settled principles of constitutional construction establish that this practice violated Article IV, § 8(a) and

deprived the people of California of their constitutional right to 30 days' notice of new legislation. Those principles would require that this Court interpret § 8(a) as requiring that legislation be considered a newly introduced "bill" when a prior bill is wholly amended to address an entirely different subject, and deem the date of that legislation's introduction to be the day of the "gut and amend" amendment. None of the requisite facts demonstrating a violation of Article IV, § 8(a) are subject to dispute or inconsistent with the Legislature's own official records.

This Court's application of the Enrolled Bill Rule under these circumstances to preclude review of the Legislature's aggressive violation of Article IV, § 8(a) raises the question as to whether Article IV, § 8(a) is effectively a dead letter. No bill gutted and amended like AB 604 would ever be subject to review for compliance with Article IV, § 8(a). (This Court also concluded in an order issued on August 20, 2025, that a writ challenging AB 604 for this same reason before enrollment was premature.)

The Enrolled Bill Rule, holding that the enrollment of legislation creates presumption that legislative procedures were followed, is a judicial doctrine with English roots that predates the U.S. and California constitutions that has been invoked to avoid litigation disputing whether a legislature followed its procedures to enact legislation, such as whether it published the correct statutory text or miscounted its votes. (*United States v. Thomas* (7th Cir. 1986) 788 F.2d 1250, 1253, cert. denied, (1986) 479 U.S. 853 [citing *Field v. Clark* (1892) 143 U.S. 649 ["If a legislative document is authenticated in regular form by the appropriate officials, the court treats that document as properly adopted."]]; *United States v. Farmer* (2d Cir. 2009) 583 F.3d 131, 151–152 [enrollment as a conclusive record of a statute]. The longstanding rule in California, as well as less than half the states, is that this presumption is conclusive. (See *Taylor v. Legislature* (1927) 201 Cal. 327, 332; I C. Sands, *Sutherland Statutory Construction* § 15.03 et seq. (4th ed.

1972); 82 C.J.S. Statutes § 83 (1953); 72 Am.Jur.2d Statutes § 90 (1974); and 4 A.L.R.2d 978 (1949)); Chris M. Micheli, *Challenging the Enrolled Bill Rule: A Proposed Middle Ground for California*, National Law Review (Jan. 12, 2022) [available at: <https://natlawreview.com/article/challenging-enrolled-bill-rule-proposed-middle-ground-california>].) However, other courts, including those in Pennsylvania and Kentucky, have held that the presumption is rebuttable. (See *Consumer Party of Pa. v. Pennsylvania*, 507 A.2d 323 (Pa. 1986); *D&W Auto Supply v. Dep't of Revenue* (Ky. 1980) 602 S.W.2d 420.)

There are sound grounds for distinguishing the application of the rule in this case from the general rule. While, under the separation of powers doctrine (Cal. Const. Art. III, § 3), this Court is rightly reluctant to interfere in matters of the Legislature's compliance with its *internal* rules and compliance with mere procedure after a bill is enrolled, the Court also has the authority if not the duty to protect the rights of the people by enforcing rules in the Constitution that, like Article IV, § 8(a), limit the power of the Legislature to protect the people. That is, in a situation where the Constitution itself protects the people by imposing a limit on the Legislature's power, as in the 30-day publication requirement in Article IV, § 8(a), the Court is not unduly interfering in the Legislature's *internal* affairs. Particularly where, as here, the Legislature's violation of the state Constitution is evident from its own official published records, an alleged violation is justiciable without infringing upon the prerogatives of the Legislature.

Accordingly, we urge this Court to expand the exception to the Enrolled Bill Rule for constitutional violations on the face of a bill to the circumstances presented here, where the Legislature's own undisputed records—showing the wholesale gutting and amending of a prior bill to introduce significant new legislation just days before passage and enrollment

establish the Legislature's clear violation of Article IV, § 8(a) in derogation of the people's rights under the California Constitution to 30 days' notice of new legislation.

* * * *

Because the Legislature took action on a bill within 30 days of its introduction, AB 604 was enacted in violation of Article IV, § 8(a) and is invalid. The Court should therefore enjoin the Secretary from placing ACA 8 on the ballot.

III. CONCLUSION

A ballot measure that would give effect to an unconstitutional statute is itself unconstitutional and may not be submitted to the voters. (*See Weber, supra*, 16 Cal.5th at p. 252.) Allowing ACA 8 onto the ballot would not only pose to the voters an illegal dual-subject question; it would condone an unlawful redistricting effort by the Legislature. The Legislature has engaged in a redistricting process before the voters have transferred redistricting power back to it and, while doing so, violated several fundamental constitutional restrictions on redistricting efforts. By engaging in this unlawful effort in the middle of the decade, the Legislature is also unlawfully subjecting Californians to precisely the burden, tumult, and disruption that the Constitution was amended to prohibit more than once every ten years.

For the reasons stated above, a writ of mandate requiring Respondent to refrain from taking any steps to place ACA 8 on the November 4, 2025, ballot should issue as prayed for, together with such other and further relief this Court deems just and proper.

EXHIBIT 1

Introduced by Senator Cervantes

February 5, 2025

An act to amend Section 84309 of the Government Code, relating to the Political Reform Act of 1974.

LEGISLATIVE COUNSEL'S DIGEST

SB 280, as introduced, Cervantes. Political Reform Act of 1974: prohibition on contributions in state and local government office buildings.

The Political Reform Act of 1974 comprehensively regulates political campaigns, including campaign contributions. The act prohibits the receipt, delivery, or attempted delivery of a contribution in the State Capitol, any state office building, or any office for which the state pays the majority of the rent other than a legislative district office.

This bill would expand that prohibition to apply to local government office buildings and offices for which the state or a local government pays rent. The bill would also eliminate the exception for legislative district offices.

A violation of the act is punishable as a misdemeanor. By expanding the scope of restrictions on contributions, this bill would expand the scope of an existing crime, and therefore would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes

upon a $\frac{2}{3}$ vote of each house of the Legislature and compliance with specified procedural requirements.

This bill would declare that it furthers the purposes of the act.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 84309 of the Government Code is
2 amended to read:

3 84309. (a) ~~No~~A person shall *not* receive or personally deliver
4 or attempt to deliver a contribution in the State Capitol, ~~in~~ any
5 state or local government office building, or ~~in~~ any office for which
6 the state pays the majority of the rent other than a legislative district
7 office, or a local government pays rent.

8 (b) For purposes of this section:

9 (1) "Personally deliver" means delivery of a contribution in
10 person or causing a contribution to be delivered in person by an
11 agent or intermediary.

12 (2) "Receive" includes the receipt of a campaign contribution
13 delivered in person.

14 SEC. 2. No reimbursement is required by this act pursuant to
15 Section 6 of Article XIII B of the California Constitution because
16 the only costs that may be incurred by a local agency or school
17 district will be incurred because this act creates a new crime or
18 infraction, eliminates a crime or infraction, or changes the penalty
19 for a crime or infraction, within the meaning of Section 17556 of
20 the Government Code, or changes the definition of a crime within
21 the meaning of Section 6 of Article XIII B of the California
22 Constitution.

23 SEC. 3. The Legislature finds and declares that this bill furthers
24 the purposes of the Political Reform Act of 1974 within the
25 meaning of subdivision (a) of Section 81012 of the Government
26 Code.

ASSEMBLY BILL

No. 604

Introduced by Assembly Member Berman

February 13, 2025

An act to repeal Section 2226 of the Elections Code, relating to elections.

LEGISLATIVE COUNSEL’S DIGEST

AB 604, as introduced, Berman. Voter registration: residency confirmation.

Existing law requires county elections officials to update a voter’s registration record if change-of-address information indicates the voter has moved to a new residence address in California. Existing law requires county elections officials to change a voter’s registration status to inactive if mailings have been returned as undeliverable or if other sources of information indicate that the voter has moved out of state.

This bill would repeal an obsolete version of these requirements.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 2226 of the Elections Code, as amended

14 ~~size, or other election administration-related processes.~~

15 ~~(3) If a voter's registration status is inactive based on the voter's~~

EXHIBIT 3

AMENDED IN SENATE AUGUST 18, 2025

CALIFORNIA LEGISLATURE—2025–26 REGULAR SESSION

ASSEMBLY BILL

No. 604

**Introduced by ~~Assembly Member Berman~~ Assembly Member
Aguiar-Curry and Senator Gonzalez**

February 13, 2025

~~An act to repeal Section 2226 of the Elections Code, relating to elections.~~ *An act to add and repeal Chapter 5 (commencing with Section 21400) of Division 21 of the Elections Code, relating to redistricting, and declaring the urgency thereof, to take effect immediately.*

LEGISLATIVE COUNSEL'S DIGEST

AB 604, as amended, ~~Berman~~ Aguiar-Curry. ~~Voter registration: residency confirmation.~~ *Redistricting: congressional districts.*

The California Constitution requires the Citizens Redistricting Commission to adjust the boundary lines of the congressional, State Senate, Assembly, and State Board of Equalization districts in the year following the year in which the national decennial census is taken and requires the districts be redrawn in conformance with specified standards.

This bill would specify the elements that define the congressional districts if ACA 8 of the 2025–26 Regular Session is adopted by the voters. These provisions would become operative only if specified provisions of that constitutional amendment become operative, and would remain in effect only until a new map of congressional districts is certified by the Citizens Redistricting Commission as described above.

This bill would declare that it is to take effect immediately as an urgency statute.

~~Existing law requires county elections officials to update a voter's registration record if change-of-address information indicates the voter has moved to a new residence address in California. Existing law requires county elections officials to change a voter's registration status to inactive if mailings have been returned as undeliverable or if other sources of information indicate that the voter has moved out of state.~~

~~This bill would repeal an obsolete version of these requirements.~~

Vote: ~~majority~~^{2/3}. Appropriation: no. Fiscal committee: ~~no~~^{yes}. State-mandated local program: no.

The people of the State of California do enact as follows:

Assembly Constitutional Amendment No. 8—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by ~~amending Section 16 of Article VI~~ adding Section 4 to Article XXI thereof, relating to the judiciary; redistricting.

LEGISLATIVE COUNSEL'S DIGEST

ACA 8, as amended, Pellerin Rivas. Elections: incumbent judges of the Supreme Court and courts of appeal. Congressional redistricting.

The California Constitution establishes the Citizens Redistricting Commission, which is required to adjust the boundary lines of congressional, Senate, Assembly, and State Board of Equalization

districts in the year following the year in which the national census is taken at the beginning of each decade.

This measure, notwithstanding the authority of the Citizens Redistricting Commission, would require the state to temporarily use the congressional districts reflected in AB 604 of the 2025–26 Regular Session for every congressional election until the new congressional boundary lines are drawn by the commission in 2031. This measure would make the congressional districts reflected in AB 604 operative only if Texas, Florida, or another state adopts a new congressional district map that takes effect after August 1, 2025, and before January 1, 2031, and such redistricting is not required by a federal court order.

~~Under the California Constitution, an incumbent judge of the Supreme Court or a court of appeal who seeks a successive term in office must file a declaration of candidacy. If a declaration is not filed, the Governor must nominate a candidate. At the next general election, the name of the candidate that is declared or nominated will appear on the ballot, which must present the question of whether the candidate should be elected.~~

~~This measure would authorize the Legislature to enact a statute providing that if an incumbent judge of the Supreme Court or a court of appeal files a declaration of candidacy, the judge’s name will not appear on the ballot and the judge will instead be deemed elected, unless a petition is filed by a requisite number of voters requesting that the judge’s name appear on the ballot for a vote.~~

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: ~~no~~-yes.
State-mandated local program: no.

7 *First—This measure shall be known, and may be cited, as the*
8 *“Election Rigging Response Act.”*

9 *Second—The people of the State of California find and declare*
10 *all of the following:*

11 *(a) President Donald Trump has called on Republican-led states*
12 *to undertake an unprecedented mid-decade redistricting of*

1 congressional seats to rig the 2026 United States midterm elections
2 before voting begins.

3 (b) The State of Texas has convened a special session of its
4 Legislature to redraw congressional district maps to unfairly
5 advantage Republicans.

6 (c) The Legislature of the State of Florida has established a
7 select committee to advance an extraordinary mid-decade
8 redistricting to unfairly advantage Republicans.

9 (d) Republicans have urged the State of Ohio to conduct its
10 mid-decade redistricting to unfairly produce more Republican
11 seats in Congress.

12 (e) Republican officials in the States of Indiana, Missouri, New
13 Hampshire, Nebraska, and South Carolina are also considering
14 President Trump's call for the mid-decade redistricting of
15 congressional seats to unfairly advantage Republicans.

16 (f) President Trump and Republicans are attempting to gain
17 enough seats through redistricting to rig the outcome of the 2026
18 United States midterm elections regardless of how the people vote.

19 (g) President Trump's election-rigging scheme is an emergency
20 for our democracy.

21 (h) The 2026 United States midterm elections are voters' only
22 chance to provide an essential check and balance against President
23 Trump's dangerous agenda.

24 (i) California has long stood as a national leader for fair,
25 independent, and nonpartisan redistricting.

26 (j) California calls on all other states to commit to fair and
27 impartial drawing of maps.

28 (k) California has a duty to defend democracy.

29 (l) The 2026 United States midterm elections for Congress must
30 be conducted on a level playing field without an extreme and unfair
31 advantage for Republicans.

32 (m) The people of California, not politicians, should have the
33 power to approve temporary congressional district maps in
34 response to President Trump's election-rigging scheme.

35 (n) It is the intent of the people that California's temporary
36 maps be designed to neutralize the partisan gerrymandering being
37 threatened by Republican-led states without eroding fair
38 representation for all communities.

39 Third—That Section 4 is added to Article XXI thereof, to read:

1 SEC. 4. (a) It is the policy of the State of California to support
2 the use of fair, independent, and nonpartisan redistricting
3 commissions nationwide. The people of the State of California call
4 on the Congress of the United States to pass federal legislation
5 and propose an amendment of the United States Constitution to
6 require the use of fair, independent, and nonpartisan redistricting
7 commissions nationwide.

8 (b) Notwithstanding any other provision of this Constitution or
9 existing law, the single-member districts for Congress reflected
10 in Assembly Bill 604 of the 2025–26 Regular Session shall
11 temporarily be used for every congressional election for a term of
12 office commencing on or after the date this subdivision becomes
13 operative and before the certification of new congressional
14 boundary lines drawn by the Citizens Redistricting Commission
15 pursuant to subdivision (e).

16 (c) (1) Subdivision (b) shall become operative only if Texas,
17 Florida, or another state adopts a new congressional district map
18 that takes effect after August 1, 2025, and before January 1, 2031,
19 and such redistricting is not required by a federal court order.

20 (2) The condition described in paragraph (1) shall include a
21 new congressional district map adopted by the State of Ohio only
22 if the map is adopted pursuant to division (F)(3) of Section 1 of
23 Article XIX of the Ohio Constitution.

24 (d) (1) The Attorney General has the sole legal standing to
25 defend any action regarding a congressional district map adopted
26 pursuant to subdivision (b).

27 (2) The California Supreme Court has original and exclusive
28 jurisdiction in all proceedings in which a congressional district
29 map adopted pursuant to subdivision (b) is challenged.

30 (e) The Citizens Redistricting Commission established pursuant
31 to Section 1 shall continue to adjust the boundary lines of the
32 congressional, State Senatorial, Assembly, and Board of
33 Equalization districts in conformance with the standards and
34 process set forth in Section 2 in 2031, and every 10 years thereafter
35 as provided in Section 1.

36 Fourth—The provisions of this measure are severable. If any
37 portion, section, subdivision, paragraph, clause, sentence, phrase,
38 word, or application of this measure is for any reason held to be
39 invalid by a decision of any court of competent jurisdiction, that
40 decision shall not affect the validity of the remaining portions of

1 *this measure. The Legislature hereby declares that it would have*
2 *proposed, and the voters hereby declare that they would have*
3 *adopted, this measure and every portion, section, subdivision,*
4 *paragraph, clause, sentence, phrase, word, and application not*
5 *declared invalid or unconstitutional without regard to whether*
6 *any portion of this measure or application of this measure would*
7 *be subsequently declared invalid.*

8 That Section 16 of Article VI thereof is amended to read:

9 SEC. 16. (a) Judges of the Supreme Court shall be elected at
10 large and judges of courts of appeal shall be elected in their districts
11 at general elections at the same time and places as the Governor.
12 Their terms are 12 years beginning the Monday after January 1
13 following their election, except that a judge elected to an unexpired
14 term serves the remainder of the term. In creating a new court of
15 appeal district or division the Legislature shall provide that the
16 first elective terms are 4, 8, and 12 years.

17 (b) Judges of superior courts shall be elected in their counties
18 at general elections except as otherwise necessary to meet the
19 requirements of federal law. In the latter case the Legislature, by
20 two-thirds vote of the membership of each house thereof, with the
21 advice of judges within the affected court, may provide for their
22 election by the system prescribed in subdivision (d), or by any
23 other arrangement. The Legislature may provide that an unopposed
24 incumbent's name not appear on the ballot.

25 (c) Terms of judges of superior courts are six years beginning
26 the Monday after January 1 following their election. A vacancy
27 shall be filled by election to a full term at the next general election
28 after the second January 1 following the vacancy, but the Governor
29 shall appoint a person to fill the vacancy temporarily until the
30 elected judge's term begins.

31 (d) (1) Within 30 days before August 16 preceding the
32 expiration of the judge's term, a judge of the Supreme Court or a
33 court of appeal may file a declaration of candidacy to succeed to
34 the office presently held by the judge. If the declaration is not filed,
35 the Governor before September 16 shall nominate a candidate.
36 Except as provided in paragraph (2), at the next general election,
37 only the candidate so declared or nominated may appear on the
38 ballot, which shall present the question whether the candidate shall
39 be elected. The candidate shall be elected upon receiving a majority

1 of the votes on the question. A candidate not elected may not be
2 appointed to that court but later may be nominated and elected.

3 (2) The Legislature may provide by statute that the name of a
4 judge of the Supreme Court or a court of appeal who files a
5 declaration of candidacy shall not appear on the ballot, and instead
6 the judge shall be deemed elected, unless a petition requesting that
7 the judge's name appear on the ballot is filed by a requisite number
8 of registered voters qualified to vote for the office.

9 (3) The Governor shall fill vacancies in those courts by
10 appointment. An appointee holds office until the Monday after
11 January 1 following the first general election at which the appointee
12 had the right to become a candidate or until an elected judge
13 qualifies. A nomination or appointment by the Governor is effective
14 when confirmed by the Commission on Judicial Appointments.

15 (4) Electors of a county, by majority of those voting and in a
16 manner the Legislature shall provide, may make this system of
17 selection applicable to judges of superior courts.

O

DECLARATION OF SEAN P. TRENDE

I, Sean Patrick Trende, declare:

1. I am over the age of eighteen and am competent to testify as to the matters herein. The following is based upon personal knowledge and, if I were called to testify, I would and could competently and accurately testify to the same.

BACKGROUND AND EXPERIENCE

2. I am currently the Senior Elections Analyst at RealClearPolitics. I joined Real Clear Politics in January of 2009 and assumed a fulltime position in March of 2010. Real Clear Politics is a company of approximately 50 employees, with its main offices in Washington D.C. It produces one of the most heavily trafficked political websites in the world, which serves as a one-stop shop for political analysis from all sides of the political spectrum and is recognized as a pioneer in the field of poll aggregation. Real Clear Politics produces original content, including both data analysis and traditional reporting.

3. My main responsibilities with Real Clear Politics consist of tracking, analyzing, and writing about elections. I collaborate in rating the competitiveness of Presidential, Senate, House, and gubernatorial races. As a part of carrying out these responsibilities, I have studied and written extensively about demographic trends in the country, exit poll data at the state and federal level, public opinion polling, and voter turnout and voting behavior. In particular, understanding the way that districts are drawn and how geography and demographics interact is crucial to predicting United States House of Representatives races, so much of my time is dedicated to that task.

4. I am currently a Visiting Scholar at the American Enterprise Institute, where my publications focus on the demographic and coalitional aspects of American politics.

5. I am also a Lecturer at The Ohio State University.

6. I am the author of the 2012 book *The Lost Majority: Why the Future of Government is up For Grabs and Who Will Take It*. In this book, I explore realignment theory. It argues that realignments are a poor concept that should be abandoned. As part of this analysis, I conducted a thorough analysis of demographic and political trends beginning in the 1920s and continuing through modern times, noting the fluidity and fragility of the coalitions built by the major political parties and their candidates.

7. I also co-authored the 2014 *Almanac of American Politics*. The Almanac is considered the foundational text for understanding congressional districts and the representatives of those districts, as well as the dynamics in play behind the elections. My focus was researching the history of and writing descriptions for many of the 2012 districts, including tracing the history of how and why they were drawn the way that they were drawn. I have also authored a chapter in Dr. Larry Sabato's post-election compendium after every election dating back to 2012.

8. I received my Ph.D. in political science at The Ohio State University in 2023. I passed comprehensive examinations in both Methodology and American Politics. The first chapter of my dissertation involves voting patterns on the Supreme Court from 1900 to 1945; the second chapter involves the application of integrated nested LaPlace approximations to enable the incorporation of spatial statistical analysis in the study of United States elections. The third chapter of the dissertation involves the use of communities of interest in redistricting simulations. In pursuit of this degree, I also earned a Master's Degree in Applied Statistics. My coursework for my Ph.D. and M.A.S. included, among other things, classes on G.I.S. systems, spatial statistics, issues in contemporary redistricting, machine learning, non-parametric hypothesis tests and probability theory. I also earned a B.A. from Yale University in history and political science in 1995, a Juris Doctor from Duke University in 2001, and a Master's Degree in political science from Duke University in 2001.

9. In the winter of 2018, I taught American Politics and the Mass Media at Ohio Wesleyan University. I taught Introduction to American Politics at The Ohio State University for three semesters from Fall of 2018 to Fall of 2019, and again in Fall of 2021. In the Spring semesters of 2020, 2021, 2022 and 2023, I taught Political Participation and Voting Behavior at The Ohio State University. This course spent several weeks covering all facets of redistricting: how maps are drawn, debates over what constitutes a fair map, measures of redistricting quality, and similar topics. It also covers the Voting Rights Act and racial gerrymandering claims. I also taught survey methodology in Fall of 2022 and Spring of 2024. In Spring of 2025 I taught Introduction to the Policy Process.

10. A full copy of all cases in which I have testified or been deposed is included on my C.V., attached as Exhibit 1. In 2021, I served as one of two special masters appointed by the Supreme Court of Virginia to redraw the districts that will elect the Commonwealth's representatives to the House of Delegates, state Senate, and U.S. Congress in the following

decade. The Supreme Court of Virginia accepted those maps, which were praised by observers from across the political spectrum. *See, e.g., New Voting Maps, and a New Day, for Virginia*, The Washington Post (Jan. 2, 2022), \ *available at* <https://www.washingtonpost.com/opinions/2022/01/02/virginia-redistricting-voting-maps-gerrymander>.

11. In 2019, I was appointed as the court’s expert by the Supreme Court of Belize. In that case I was asked to identify international standards of democracy as they relate to malapportionment claims, to determine whether Belize’s electoral divisions (similar to our congressional districts) conformed with those standards, and to draw alternative maps that would remedy any existing malapportionment.

12. I served as a Voting Rights Act expert to counsel for the Arizona Independent Redistricting Commission in 2021 and 2022.

SCOPE OF WORK

13. I was retained by Petitioners in the above-captioned case, who asked me to compare (1) the Congressional map approved by the California Citizens Redistricting Commission in 2021 for use in the 2022 election (“Commission Map”) with (2) the map the legislature created, reflected in Assembly Bill 604 (“Proposed Map”).

14. Specifically, I analyzed the contiguity of the two maps as well as the degree to which they separate communities of interest; metrics required by the California Constitution and which demographers commonly employ to analyze maps. I was also asked to examine the two maps using partisan fairness metrics, which are commonly used by demographers and elections analysts when examining legislative maps.

OPINIONS

15. I was asked first to analyze the partisan fairness of the Proposed Map, to determine whether the Districts were “drawn for the purpose of favoring or discriminating against an incumbent, political candidate, or political party.” First, it seems obvious that the purpose of this map is to favor one party or the other, as leaders in the state have not been particularly shy that the purpose of the map is to “neutralize” a Republican gerrymander in Texas. *See* Lauren Gambino, “California: Newsom Signs Proposal for New Voting Map Favoring Democrats,” *The Guardian* (Aug. 21, 2025), *available at* <https://www.theguardian.com/us->

news/2025/aug/21/california-legislature-redistricting-plan. Regardless, there are multiple ways to examine this. Here, I was asked to examine partisan fairness metrics, which examine election outcomes and determine whether there is a bias in favor of one party or the other.

16. As a simple test, I was asked to analyze the competitiveness of districts, which assesses how many swing seats exist. For purposes of this, I was asked to consider a swing seat to be a district where both parties' vote share is between 45% and 55%. Using data from the last four elections, I calculated that 6.5 of 52 seats would be considered swing seats.

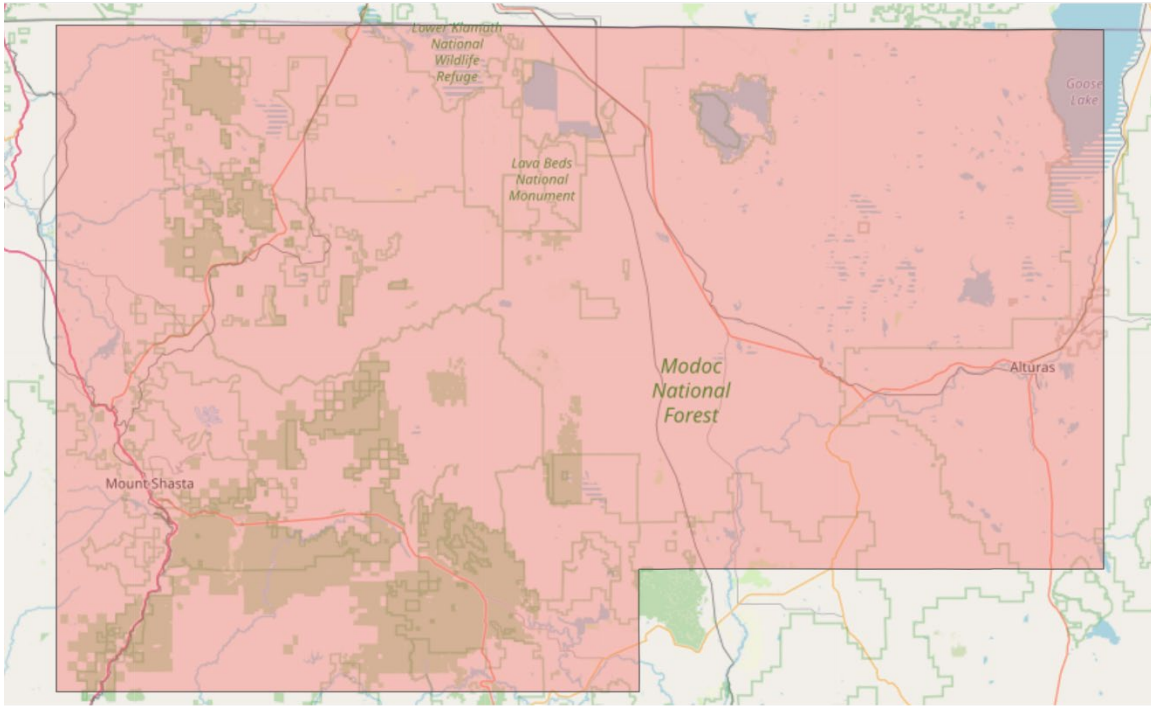

17. I also employed a uniform swing test, which tests the "responsiveness" of a map. That is to say, it examines the effect of a shift of the vote share on the number of seats each party would win under various vote shares. I examined the effect of 5% swings in the electorate in favor of both Democrats and Republicans, and calculated a Uniform Swing Test value of 19.75, suggesting that Democrats would hold nearly 40% of the seats in the state regardless of swings in the electorate.

18. One can also simply analyze shifts in vote share. For example, President Trump, despite winning almost 40% of the two-party vote in the state, would have carried four seats under the Proposed Map. Gov. Gavin Newsom would have lost six seats under this map; under the Commission Map he lost 14. In 2020, President Trump would have won four districts under the Proposed Map; under the Commission Map he won seven.

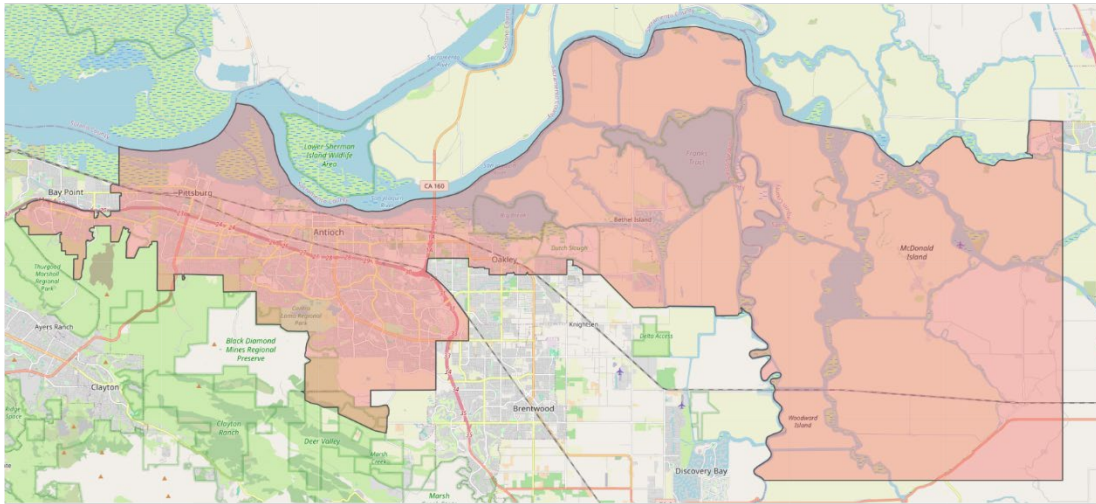

19. Next, I analyzed the districts for contiguity. Although California law is unclear precisely what type of contiguity is required, there are two types of contiguity that are typically considered: "Census" contiguity and "functional" contiguity. Census contiguity simply asks whether all of the blocks in a precinct touch another block in the precinct. Functional contiguity, by contrast, asks whether you can travel through a district without leaving the district.

20. At a minimum, the Proposed Map creates more non-functionally contiguous districts than the Commission Map. In particular, Districts 2, 9, 30, 40 and 47 are no longer functionally contiguous.

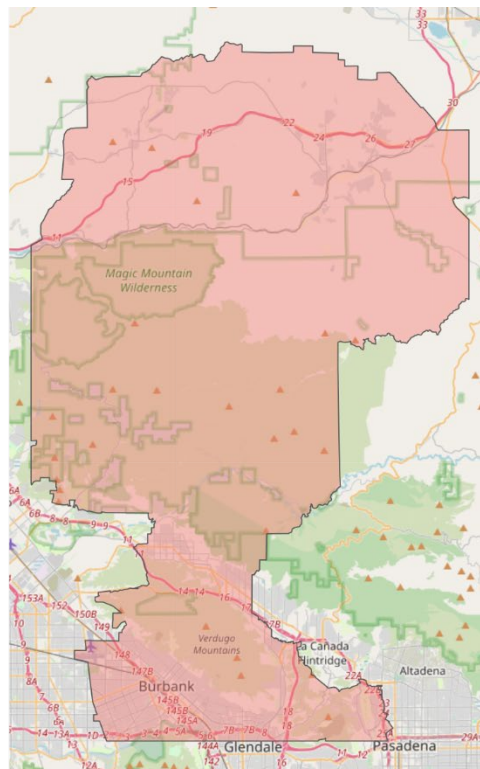

21. In CA-02, a resident cannot travel from Alturas to Weed (to the North of Mt. Shasta) without leaving the district.

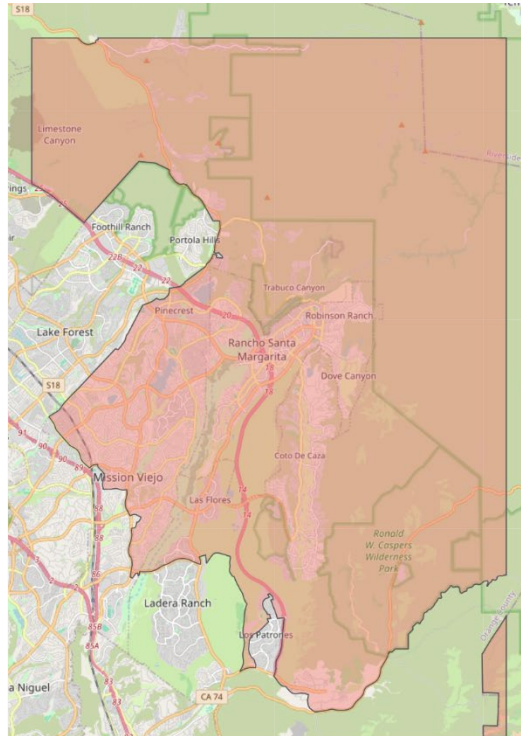

22. In CA-09, a resident cannot travel from Oakley to San Joaquin County without leaving the district; the entire western end of the district is cut off from the remainder of the district; the only bridge across the Old River is well south of the district's boundary.

23. In CA-30, a resident cannot travel from the Agua Dulce area north of to Burbank without leaving the district.

24. In CA-40, a resident cannot travel from Rancho Santa Margarita to Murrieta without leaving the district; it is separated from the rest of the district by the Santa Ana Mountains.

25. In CA-47, the area north of Santiago Creek is not functionally contiguous with the rest of the district. The road which could hypothetically connect it to the rest of the district leaves the district near Baker Canyon Rd.

Caliente and an additional ten reservations: Campo, La Posta, Mesa Grande, Morongo, Rincon, Round Valley, San Manuel, San Pasqual, Santa Rosa, and Sycuan.

27. Based on my review of the Proposed Map and Commission Map, using quantitative and qualitative measures regularly employed by demographers and political scientists, I conclude that the Proposed Map reduces the contiguity of districts and separates communities of interest in comparison to the Commission Map. I also conclude that the Commission Map was drawn with partisan objectives in mind; in particular it was drawn to improve Democratic prospects in congressional elections in the state and to increase the share of seats that they would expect to win in an election.

I declare under penalty of perjury of the laws of the State of California that the foregoing is true and correct to the best of my knowledge.
